

The Dead Sea Pavilion

Welcome to the world of soothing and sensual skin care! From the ancient therapeutic minerals of the Dead Sea, to the lush butter of the African Shea Tree, we bring you the world's best skincare and spa products.

Since 1995, we have supplied unique, smart and affordable skincare solutions to the retail and wholesale markets. We are always in search of the "Better X" product. Whether a reusable icepack, a gel-heeled sock that moisturizes while you sleep, or a sponge filled with liquid soap, we strive to find exceptional products for our customers and our stores. This year we have expanded our offerings to include even more distinctive, effective and exciting products for the discerning customer.

We have focused on adding new unique lines with more natural ingredients that we as parents and consumers want for our own families. Among them are Canaan Dead Sea Products, Canaan Organics, Justin Blair Hand and Foot Comfort products, Don Cestone brushless shaving bars and Moraz anti-lice hair products. Of course, we still offer our tried and true AromaSalts Collection, Spongelle' and Boo Boo Buddy brands which have been in your world of pampered pleasures for years.

At the Dead Sea Pavilion, we have something for everyone. We cater to the smallest hometown pharmacies and to the most exclusive spas. We offer low minimum opening orders, and no minimums on re-orders. We are committed to providing you, our customer, with exceptional, personalized service as we bring the world's best skincare and spa products to you.

Joey Gilbert
Joey Gilbert, President

**We look forward to welcoming you
to the Dead Sea Pavilion family!**
